

Golf Outing

June 7 | 2024

Thank you for considering being a part of our 7th Annual Golf Outing in support of the Integrity Church One79 Youth Group.

Our Goal is to see our kids and children throughout our area have an opportunity to grow in their relationship with Jesus.

We put great value on investing in our children's spiritual development and look to teach them the importance of understanding who Jesus is and how that can shape and impact their individual lives.

Our aim through One79 is to create an environment where our teenagers can develop friendships rooted in Christ. Challenged by the pressures of friends at school, distracted by the pull of social media, or caught up in the busyness of the day-to-day, a majority of teenagers today wrestle with depression, loneliness and anxiety. That is why this year we are investing in creating opportunities that not only deepen their faith, but cultivate lifelong relationships with other Christian teenagers.

This year, our collaboration with Camp Indigo will take us to Pitcher, NY, and its neighboring communities. Our mission is twofold: to engage in meaningful community service projects and to host a vibrant Vacation Bible School (VBS)/Camp for local children. Recognizing the challenges faced

by this low-income area, characterized by widespread disrepair, our efforts aim to bring tangible improvements to their living conditions. Beyond the physical facelifts and relief work, our deeper goal is to forge strong connections with the residents, offering them the enduring hope and comfort found in the Gospel. This initiative is an exciting opportunity to make a significant impact, both physically and spiritually, in the lives of the people of Pitcher, NY.

Thank you for your support.
