

In each of Weeks 2-4, do the following:

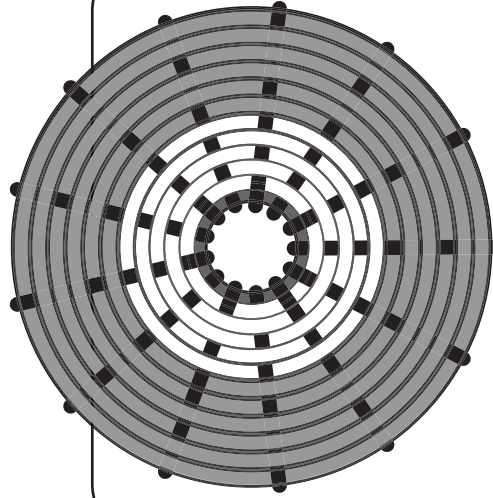

Begin weaving by tying a colored yarn to a loop/spoke on the back of the CD.

Then bring that yarn up through the center of the CD.

Weave that yarn over and under the loops over and over, working your way to the outside of the CD.

To change colors of yarn, tie the end of the new color to the end of the old color and keep weaving. *(To change colors while you still have yarn left from the old color, simply cut the old color of yarn off, and then tie the new color to that end.)*
